

East Yorkshire Motor Services – May 2018 Changes

Introduction

East Yorkshire Motor Services (EYMS) has notified the Council of a large number of changes to local bus services in the East Riding which will come into effect from Sunday 6th May 2018. These include changes to a large number of commercial services, which are outside the direct control of the Council. The changes also include a number of local bus and home to school services which were funded by the Council. In this note you will find details of the replacement operators on the home to school services relinquished by EYMS and details of the replacement services and bus operators for the contracted local bus services previously provided by EYMS. The Council has also taken action to replace two commercial services the 220 and 504 cancelled by EYMS. If your local bus service is not operated by EYMS, or if it is operated by EYMS but not in the list below, then there are no planned changes.

Changes to Commercial Services

These changes are being introduced by East Yorkshire Motor Services from Sunday 6th May 2018 and are changes to services which are not funded by the Council. Details of the revised services can be found at www.eyms.co.uk
