2 Preventing Residential dwelling Burglaries

Is anybody home?

Always lock your doors; even when you leave briefly, are outside on your property, or inside your home. Also, keep your valuables in a safe or lockbox when you go out.

- **Lights** - You can get plug-in timers for your lamps - and timers for your ceiling lights. Don't just light up the hall. Fool a burglar by lighting up the landing, bathroom, bedroom and living room too. Really fox him by varying the times each light comes on.
- **Sound advice** - Use a plug-in timer for a radio - make it a talk station rather than music.
- **Windows** - Remember to shut all windows, even small and upstairs ones, when you leave the house, in your garden or in the rear of your property. If you're upstairs, close your downstairs windows and if you're planning some time away, get a trusted neighbour to shut the curtains at night. You could return the favour some time.

3. Tackling Rural Crime

Rural crime is not limited to the farmyard. Serious and organised crime groups are often linked to rural and wildlife crime particularly in relation to theft of agricultural machinery and poaching like hare coursing.

Holderness patrols are reminding farmers to review their security and to keep their properties/equipment safe.

In relation to the security of Tractor GPS Receiver and Screens, please visit the Police website for crime prevention advice around MARK IT, REMOVE IT and LOCK IT.

ACTION: work with partner agencies to protect the community and detect crime, including the Rural Crime Task Force, Farm Watch, NFU and Young Farmer Clubs

If you feel that there are other issues affecting you or your local community that should be given priority, please inform your local councillors or your Neighbourhood Policing Team.
