- 18/8/23 Mortimer Avenue, male stop searched and in possession of cannabis

Serving our communities to make them safer and stronger

#### **Other crimes reported include:** Harassment, Assaults, Public Order and Stalking incidents.

### 3. Community Priorities for September 2023

Humber talking has set our priorities, this month we are to:

- 1. Reduce ASB Haltemprice Leisure Centre
- 2. Drugs
- 3. Road Safety Back to school

#### **Haltemprice Leisure Centre**

Patrols continue to be proactive around Haltemprice Leisure Centre once it has closed as these are the times the issues are occurring. Talks at Wolfreton School have been carried out and have been useful in outlining cycling and e-scooter offences.

#### **Drugs – Intelligence**

We continue to review and act on drugs intelligence. We ask that you report any concerns around drugs misuse that you have. You may have information that adds to an ongoing concern, and this can really help when we apply for Warrants. You can speak to us at a Police Station of your convenience in confidence or alternatively report via 'Crime-Stoppers' at <a href="https://crimestoppers-uk.org/">https://crimestoppers-uk.org/</a>

#### **Back to School**

As children return to school in September, the Neighbourhood Police Teams top tips for ensuring children and parents are ready for the journey ahead and can stay as safe as possible

Serving our communities to make them safer and stronger

Families are being advised to take to two wheels or travel on foot if they can and plan out journeys to allow extra time as an increase in traffic is expected.

Community Officers have invited families to "rethink how they travel" encouraging all to walk and cycle where possible, especially for families that live within a mile of their school.

Make sure you've checked out our top tips before setting off on the journey to school. These include:

#### Map it out

If you're travelling to a new school, trying a different route or getting to school on foot or bike, there's help available to plan and prepare for your journey.

#### Allow extra time

There will be more traffic on the road so when you plan your route, allow extra time to get there (including for any arrangements that specific schools might have in place).

You could test out your route to make sure you're prepared.

#### Plan for the end of the journey too

If necessary to drive, park safely and where possible consider parking further away and walking the last five minutes of the journey. This will help reduce congestion and pollution around the school gates and allow families to maintain social distancing.

#### Gear up and be prepared

For those taking the journey on two wheels, bikes need to have had all of the relevant safety checks either at home or can be taken to a cycle hub. Children need to remember a helmet!

For families where this might be the first time that children are getting back in the car, children need to have the correct car seat.

### Accidentally pocket-dialled us ? Pressed your emergency SOS? Don't hang up – help us to be more efficient ]

If you have an Android phone, you can check your emergency settings to turn off the functionality added in the latest update.

Serving our communities to make them safer and stronger

Go to 'Settings' then 'Safety and Emergency' and slide the button which says 'Emergency SOS' to switch the functionality off.

Calls to 999 where the operator cannot hear anyone on the line (silent calls) are never just ignored; our call handlers will always call you back to make sure you're ok. If you do accidentally dial 999, it's not a problem but please don't hang up - stay on the line to let us know it was an accident and that you don't need any assistance. That saves us approximately 20 minutes and means we can get back to the important job of answering the calls of those in need.

Remember, always dial 999 if you are in immediate danger or you are witnessing a crime in action. For everything else, there's 101 or our online reporting forms found online at Humberside.police.uk

#### How you can help

Your local Neighbourhood Policing Team appreciates the importance of being in the right place, at the right time, for the right reasons to reassure the public, improve public confidence and reduce crime and anti-social behaviour in the area in which we all live and work.

We encourage all residents to call and report any issues where they live so that we can deal with any issues and also step up our patrols in the area.

If you feel that there are other issues affecting you or your local community that should be given priority, please inform your local councillors or your Neighbourhood Policing Team. The number to call for non-emergency issues is 101
